

Technical Sales Consultant (Minors)

Job Description & Personal Specification

Stannah

Function: Sales of Minor Repairs – including going out visiting customers and sites

Reports to: Branch Manager

Purpose

To help maintain the condition, reliability and improve safety of the existing, and external, customer equipment portfolios. Support the client base by providing quotations and securing orders for both reactive and proactive minor repair sales opportunities.

Key Responsibilities

- React to on, and off, portfolio situations that require minor repair work undertaken to repair or enhance customer equipment.
- Establish a robust internal sales opportunity lead network, amongst the branch engineer and field management population, to allow you to quote and secure suitable target level volumes of minor repair orders.
- To seek out, identify and target prospective existing and new customers, working with them to raise awareness of enhancement opportunities to improve reliability and/or safety of their equipment.
- Create a suitable sales pipeline of opportunities to guarantee the volume of quotation opportunities to ensure you hit your sales targets.
- Maintain accurate (excel), detailed records of activities, including but not limited to:
 - Lead source
 - Lift location and ownership details
 - Meeting minute records
 - Condition reports
 - Quotations
 - Order success failure (with reasons)
- Arrange and conduct site surveys and meetings including technical assessments of equipment to identify minor repair sales opportunities.
- Quote for minor repairs if required when taking new lifts on to contract
- Complete tender documents to a high presentation standard (consultant lead minor repair opportunities)
- Provide accurate and timely proposals to customers with organized approach to regular follow up
- Effective liaison with all stakeholders, both internal and external
- Provide regular reports and updates to Branch Manager on activity
- Promote the benefit of the Stannah Brand as one entity
- Compilation of bulk tenders and PQQ documentation when required (consultant lead minor repair opportunities)
- Carry out responsibilities in a safe and proper manner both for self and for the well-being of others.
- Ensure a high standard of quality, delivery of service, and customer care is maintained
- Demonstration of ingenuity, flexibility and a passion to seek out all possibilities in order to succeed
- Working throughout the Service Branch area will require regular travel plus a mix of working from home (subject to pre-management approval) and at Stannah offices.

This list is not exhaustive and the jobholder will be expected to undertake any duties within their capacity to meet the needs of the business and/or the sales function.

Relationships

Internal

The jobholder will be expected to maintain close and effective personal working relationships at all levels of the organisation. The communication skills required include the ability to communicate technical complex and sensitive information.

External

External agencies including suppliers and customers.

PERSON SPECIFICATION

Skills and Experience

- Proven experience in Sales or Business Development and the sales process
- Demonstrable understanding of excellent customer service
- Computer knowledge, particularly of MS Office for reporting, liaising and sending customer proposals
